

PERSONAL PROTECTIVE EQUIPMENT

We have heard the call for support and we are ready to answer.

Face Masks

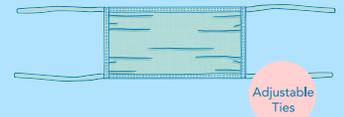

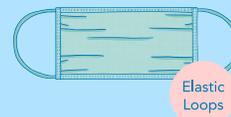

This mask is meant to provide protection against large droplets, splashes, or sprays of bodily or other hazardous fluids. Protects the patient from the wearer's respiratory emissions, as well.

Need additional filtration? Choose the option with pocket that can hold respiratory aids/filters.

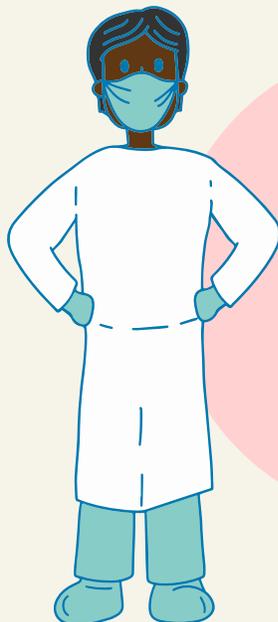

A little more about our Face Masks

- Available immediately in Natural Canvas and White Ripstop
- Version available with a pocket to hold additional filter
- Packed in individual poly bags - MOQ 100 pc
- Two styles available: elastic loops and adjustable ties

Please note that we are not imprinting on any of these items at this time. This is to help us be able to function with the utmost speed and in order to provide quality goods to the hospitals and health care professionals in need.

Gowns

Available in White Ripstop or White Polypropylene, our gown is closed with ties down the back. One size fits all.
