Libbey does not intentionally add lead or cadmium to the raw materials used in manufacturing its undecorated soda lime glass tableware. Accordingly, our soda lime glass material is considered leadless, non-toxic, and non-radioactive.

Libbey is pleased to confirm that, to the best of our knowledge, as of the time and date of shipping from Libbey's manufacturing facility or distribution center, these Items meet all current applicable Federal and State standards for undecorated glass tableware, including but not necessarily limited to all applicable FDA Lead and Cadmium guidelines and California Proposition 65.
